

Dear Sirs:

This robot's name is Fermion. It will be competing at the FIRST Tech Challenge World Championships in Houston Texas from April 18-23, 2017 for high school teams. You can find out more about FTC at: www.firstinspires.org

There are no batteries or power sources traveling in the box with Fermion,. The tools and other items we need will be packed in suitcases or the cart box.

Please treat our robot gently.

Thank you.
